Observations

Additional information:

The evaluation includes several well differentiated instruments. The final grade will be the weighted average of the results obtained in each of them, provided that all of them have been passed with a minimum grade of 5.

The written test is subdivided as follows:

- Final developmental exam: 40%.
- Partial written tests throughout the course in development of assignments: 10%.

All assignments will have a specific date of execution and delivery.

All oral and written production by the students will be evaluated at a formal level according to the document "Level C1 (Common European Framework of Reference for Languages) in the Degrees of Teacher in Early Childhood and Primary Education". In order to pass the course, it is necessary to demonstrate in all oral and written productions an advanced level of linguistic proficiency, so as to achieve at the end of the degree the level C1, which is required by the official Memory of the degree. Therefore, each spelling mistake will be, consequently, penalized in papers and exams with 0.50 points. Three missing accents will be equivalent to one spelling mistake.

CRITERIA FOR THE AWARDING OF HONOURS:

In accordance with the regulations governing the assessment and grading of subjects in force at UCV, the distinction of "Matrícula de Honor" (Honours with Distinction) may be awarded to students who have achieved a grade of 9.0 or higher. The number of "Matrículas de Honor" (Honours with Distinction) may not exceed five percent of the students enrolled in the group for the corresponding academic year, unless the number of enrolled students is fewer than 20, in which case a single "Matrícula de Honor" (Honours with 9 Distinction) may be awarded. Exceptionally, these distinctions may be assigned globally across different groups of the same subject. Nevertheless, the total number of distinctions awarded will be the same as if they were assigned by group, but they may be distributed among all students based on a common criterion, regardless of the group to which they belong. The criteria for awarding "Matrícula de Honor" (Honours with Distinction) will be determined according to the guidelines stipulated by the professor responsible for the course, as detailed in the "Observations" section of the evaluation system in the course guide.
